- Oracle Financials
- vOracle Order Management
- Oracle Shipping
- Oracle Purchasing
- Oracle WMS

Syntax Solutions

- Oracle EBS Consulting Solutions
- Syntax Enterprise Cloud® for Oracle EBS
- Oracle AMS
- Remote Managed Services

M-D Building Products' (M-D) IT team had a limited budget and a mandate to support an extensive Oracle footprint spread across multiple locations, so they launched an exhaustive due-diligence process to find a new Oracle EBS hosting provider. They chose Syntax because of its competitive pricing, stable support structure, rapid response time, and ability to provide continuous uptime. M-D has benefited in many ways since migrating to the Syntax Enterprise Cloud. In addition to having had five years of consistent uptime and service continuity, they now enjoy conveniences like getting environments cloned in less than 24 hours instead of waiting sometimes for weeks with their previous provider.

Syntax has worked continuously to fine tune its Maximum Performance Architecture to improve Oracle EBS performance during peak hours to better accommodate M-D's large transaction volume. As part of its recent contract renewal with Syntax, hardware will be refreshed and M-D now enjoys EMC XtremelIO all flash storage, which further improves performance.

In addition, M-D partnered with Syntax's consulting team to perform an on-time, on-budget Oracle R12 upgrade. Syntax's Oracle Application Managed Services team also developed the new forms, invoices, and CEMLI components M-D required to consolidate its Oracle EBS footprint following an acquisition.

"I wouldn't hesitate to recommend Syntax Enterprise Cloud Solutions. They bring a lot to the table. They're a responsive provider who delivers excellent support and consistent uptime. They constantly tweak our architecture to improve performance. Their service continuity is so good that whenever we need development support, we don't even realize whether work is delivered by on-shore or off-shore staff."

Craig Wilkerson
CIO, M-D Building Products

About Syntax

Syntax is a leading global technology solutions provider driving enterprise transformation in the cloud. We help organizations modernize mission-critical applications through AI-enabled innovation, industry-tailored outcomes, and end-to-end solutions across strategic advisory, implementation, and managed services. Through our Boutique @ Scale approach, we tailor every engagement to our customers' priorities, blending boutique-level agility and care with the reach and resilience of a global enterprise. Supported by strategic partnerships with SAP, Oracle, AWS, Microsoft, and other technology leaders, we empower customers to scale faster, work smarter, and build for what's next.
