

Syntax Innovation Accelerator

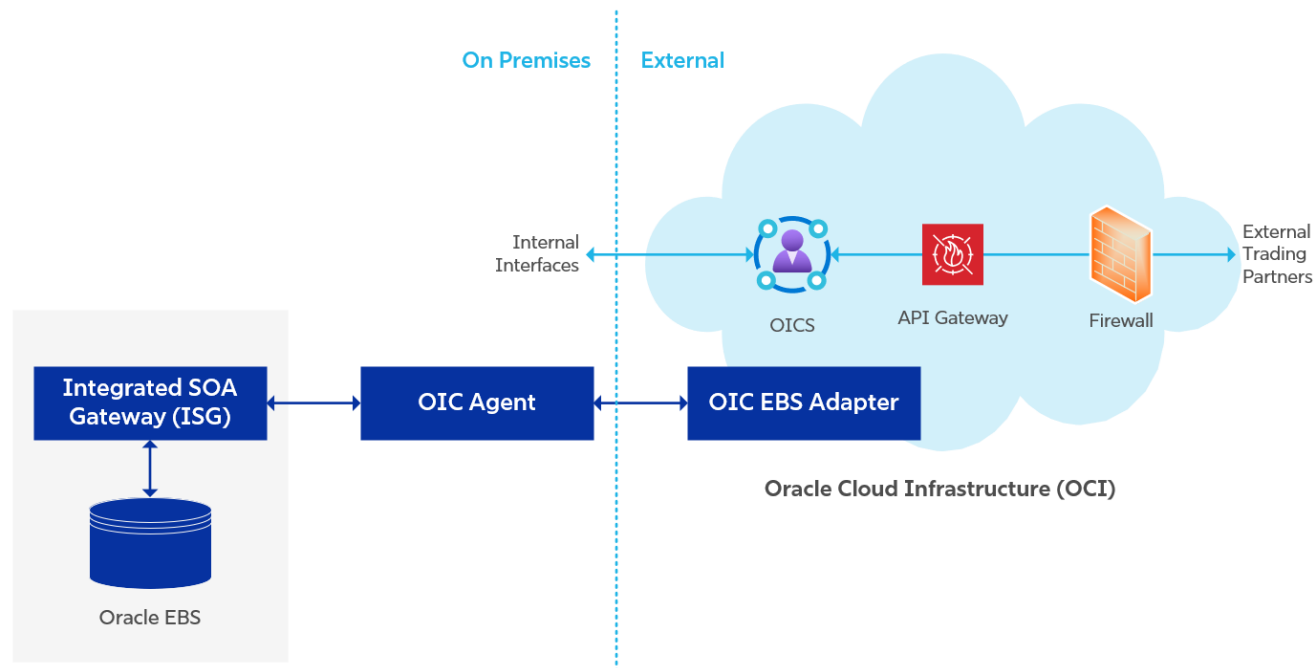

Connect, Automate, and Innovate with Oracle Integration Cloud

Connect ANY Application and ANY Data Source

In today's fast-paced digital landscape, businesses face numerous challenges, including fragmented systems, data silos, and complex integration processes that hinder operational efficiency and innovation. Oracle Integration Cloud (OIC) addresses these critical issues by providing a comprehensive, unified platform that seamlessly connects applications, data, and processes across on-premises and cloud environments. With OIC, organizations can streamline workflows, enhance data visibility, and accelerate digital transformation, ensuring they stay competitive and agile in an ever-evolving market.

addresses these critical issues by providing a comprehensive, unified platform that seamlessly connects applications, data, and processes across on-premises and cloud environments. With OIC, organizations can streamline workflows, enhance data visibility, and accelerate digital transformation, ensuring they stay competitive and agile in an ever-evolving market.

The OIC PaaS Architecture delivers outcomes quickly – from ANY app to ANY app – enhanced with Syntax Implementation and 24x7 Managed Services

Key benefits of Syntax Innovation Accelerator

- ✓ **Rapid Onboarding:** Pilot to Production in less than 90 days
- ✓ **Seamless Integration:** Connects applications, data, and processes across on-premises and cloud environments effortlessly
- ✓ **Streamlines Efficiency:** Streamlines workflows and automates processes, reducing manual effort and operational costs
- ✓ **Improves Data Visibility:** Provides real-time insights and unified data views, enabling better decision-making
- ✓ **Accelerates Digital Transformation:** Facilitates rapid deployment and integration of new technologies, keeping businesses agile
- ✓ **Scalability:** Easily scales to meet the growing needs of the business without compromising performance
- ✓ **Robust Security:** Ensures data protection and compliance with industry standards through advanced security features
- ✓ **Reduces Complexity:** Simplifies integration with pre-built adapters and templates, minimizing the need for custom coding and multiple tools

Oracle named in the 2024 Gartner Magic Quadrant for iPaaS and Data Integration markets.

\$500K

What's the cost of poor integration?

Recent surveys have shown that enterprises can lose up to \$500K/year due to poor business process integration.

Key features included:

- Syntax Implementation & Management Services
- Syntax enterprise monitoring for EBS
- EDI Included
- OICS Scheduler
- Visual Builder
- OICS Process Builder
- Metrics Insights Dashboard
- Syntax Backup & DR Architecture

Get Started Today

The Syntax Innovation Accelerator pack simplifies your data and application integration complexity challenges.

The Syntax Innovation Accelerator includes a 90-day Acceleration Service and Annual Management Contract with the following features:

- Syntax integration feasibility assessment
- One-time Oracle EBS ELP report
- Syntax implementation services
- Endpoint connectivity
- Annual TMS/AMS contract provides:
 - 10hrs/month AMS support
 - Syntax and OICS Service monitoring
 - Configuration management (ticket-based)
 - Customer success manager and technical account manager support

One-Time Accelerator Fees

One-Time Accelerator Fee	\$10K initial setup includes Prod and Non-Prod
Syntax Monthly Management Fee	\$500/message Oracle pack

Ongoing Management Fees

OCI Consumption - Billed as consumed Syntax Foundation Fee	\$1995 + \$500/message pack, includes monitoring + 20 tickets/month
Integration Development (Optional)	Starts at \$1300/month, includes 10hrs/month

Up to \$50k Acceleration funding available from Syntax for qualified projects - conditions apply.

Why Syntax for OICS?

- Proprietary monitoring and instrumentation
- EBS and SaaS ERP experts
- Cloud implementation and PaaS services experts
- Technical and application management
- Global support teams
- Earn Oracle Support Rewards
