SYNTAX

Syntax Accelerated ERP for Industrial Machinery and Components (IM&C) on SAP Cloud ERP Private

Unlock new business value and transform your enterprise

Syntax helps manufacturers leverage SAP software to gain visibility into their operations and assets performance. Increase uptime, narrow process variability, control maintenance costs, react more quickly to process upsets, and satisfy customers more consistently with Syntax.

Our Industrial Machinery and Components solution delivers unprecedented value with pre-configured business processes based on industry best practices for Financials, Customer Management, Manufacturing, Procurement, Logistics, Customer Service, Analytics, and more.

Intelligent technology designed for industrial manufacturers

The lack of integration across the enterprise, supply chain disruptions, rising operational costs, and increasingly demanding customers are just a few of the challenges your company faces. With a clear roadmap to make systems and processes work more efficiently, Syntax helps improve collaboration across your enterprise and engagement with your customers—delivering a more seamless, streamlined experience.
