Security, Governance & FinOps

Secure and control your cloud while still enabling innovation.

Power Platform, Microsoft Foundry & Microsoft Fabric

Deliver analytics, AI, and automation—core to our DnA3 initiative, with Microsoft technologies integral throughout.

Why Syntax

Boutique @ Scale

Personalized service combined with breadth of service and global reach, backed by 2,600+ experts in 15 countries to modernize with confidence.

Microsoft Expertise

Over 10 years supporting customers on Microsoft Cloud. Syntax is a Microsoft Cloud Solution Provider (CSP), with over 250 Microsoft certifications and Microsoft Solutions Partner designations.

Innovation Built-In

GenAI, predictive analytics, and automation-focused solutions embedded in every layer to drive an intelligent digital workplace.

End-to-End Partnership

Strategic advisory through managed services, delivering measurable results and long-term success.

“Consolidating our ERP environment on Azure marks a pivotal shift in how PCL operates financially across its global footprint. We’ve significantly improved reporting accuracy, eliminated duplication, and reduced risk—while building a flexible platform to scale with our business. Syntax has been an indispensable partner in this achievement.”

-Glen Anderson, Vice President of Finance and Commercial Risk, and Project Executive Sponsor, PCL
